Education

Institution	Duration	Qualification	Location
Amrutvahini College Of Engineering	2023 – 2026	B.E. in Computer Engineering CGPA: 9.00 / 10	Sangamner, Maharashtra
Government Polytechnic Ahmednagar	2019 – 2023	Diploma Percentage: 90.29%	Ahmednagar, Maharashtra
Agasti Vidyalaya	2019	SSC Percentage: 94.60%	Akole, Maharashtra

Skills

Languages: C++, JavaScript, HTML, CSS

Databases: MySQL, MongoDB

Technologies/Frameworks: React.js, Node.js, Express.js, Tailwind CSS, Bootstrap

Soft Skills: Teamwork, Team Management, Time Management, Communication, Problem-Solving, Decision Making, Emotional Intelligence

Experience

Finance Management System

Feb 2023 – Mar 2024

Frontend Development Intern

Remote

- Developed a responsive and interactive user interface for a finance management platform.
- Designed and implemented reusable React components for managing income, expenses, and budget tracking.
- Collaborated with the backend team using Git and GitHub for seamless integration and version control.
- Ensured mobile responsiveness and cross-browser compatibility using Tailwind CSS and Material UI.
- Technologies used: React.js, Tailwind CSS, Material UI, Git, and GitHub.

Projects

Virtual Try-On System | React.js, TensorFlow, MongoDB, Express.js, Tailwind CSS

2025

- Developed a virtual try-on web application for real-time clothing visualization using camera input.
- Key Features: Live body tracking, clothing overlay with accurate fit, and interactive outfit selection interface..
- Integrated backend-driven clothing data rendering and session handling using localStorage for user continuity..

Finance Management System | JavaScript, React.js, HTML, CSS, API's, MongoDB

2025

- Built a Finance Management System to track income, expenses, and budgets.
- Created reusable components with React.js and styled using Tailwind CSS and Material UI.

Portfolio website | React.js, HTML, Tailwind CSS, JavaScript

2024

- Built a personal portfolio website to showcase projects, skills, and experience using React and Tailwind CSS.
- Responsive design, smooth navigation with React Router, interactive project gallery, and contact form with email integration.

Event Management System | HTML, CSS, JavaScript, Bootstrap, PHP

2023

- Developed an Event Management System using PHP and MySQL to organize and track events efficiently.
- User registration and login, event creation and booking, admin panel for event management and approvals.

Relevant Coursework

- Data Structures
- Database Management
- Operating System
- Web Development
- OOP

Certifications

- Full Stack Developer by AICTE.
- Data Analytics By Godrej InfoTech
- Full Stack Development by CWIPEDIA.

Achievements

- * 2nd Runner-Up position in Inter-College Hackathon Tech Pragyan.
- * Achieved 1st Place for IoT Project in College-Level Competition.

Extra Curricular

- Participated in SIH(Smart India Hackathon)
- Practice competitive programming and problems
